DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Wakeman (US 4,501,020).

Regarding claim 1, Wakeman teaches a method of identifying a signal type for an unknown signal (col. 1, lines 9-41) comprising the steps of: selecting the unknown signal of interest from a displayed spectral waveform for a specified range of frequencies (col. 1, lines 14-19); processing data representing the unknown signal of interest to ascertain characteristics of the signal of interest (col. 6, lines 5-8); and from the characteristics of the unknown signal determining an identification of the signal type (col. 6, lines 65-68).

Regarding claim 2, Wakeman teaches the determining step comprises the step of comparing the frequency of the unknown signal with a database of spectral assignments for a plurality of known signals to identify the signal type (col. 7, lines 40-49).

Regarding claim 3, Wakeman teaches a processing step comprises the step of estimating from the data an occupied bandwidth for the unknown signal as one of the characteristics for input to the determining step (col. 9, lines 55-64).

Allowable Subject Matter

Regarding claims 4-6; please see reasons for allowance in office action # 2, dated 10/3/02.

Response to Arguments

Applicant's arguments with respect to claims 1-3 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
